

Beach babe

SEA WATER CAN give your hair that desirable tousled look but for those of us cubicle rats who don't have time for a day at the beach, there is Toni&Guy's Beach Curl Spray (HK\$88 for 200ml). Sea minerals add volume and movement to hair, resulting in looser curls for beach-effect disheveled waves.

Another hot product is the Tame-It serum (HK\$138 for 50ml). A small drop of it will smooth and seal hair cuticles to cut down on humidity-induced frizz.

Almost barefoot

THE FIRST TIME Escapade Sports brought Vibram FiveFingers to Hong Kong, its entire stock was sold out by the first week. At first glance, it is unlike any shoe you've seen before as it is shaped like actual feet, complete with toes.

But that's what makes it revolutionary – it protects your feet while giving you a feeling of walking barefoot. Athletes use it for all sports, from diving to hiking, jogging and rock climbing. Prices start from HK\$890.

Where to buy: Escapade Sports, 1/F Yee Hing Building, 19 Leighton Road, Causeway Bay. Tel: 2891-1855.
